

THE MOST **BRILLIANT** PERFORMER JUST GOT...

Introducing the

CYBERLIGHT® SV

The automated luminaire with
the highest photonic output
now offers a 75% reduction
in sonic emission.

Visually stunning,
but surely subtle.

CYBERLIGHT® SV

LITHOPATTERNS™

Perfect for intimate
theatrical performances,
smaller musical venues,
television studio sets, or
wherever sound levels need
to be controlled—the
CYBERLIGHT SV combines
brilliant performance with
near silent operation.

To maximize your creativity
with Cyberlight, call today
for your free copy of High End
Systems' Optical Design
Accessories brochure
featuring LithoPatterns™
high resolution glass gobos.
